Paul Coomber, Mace (PC)
Michaela Gaffney (MC)
Peter Sockett, Precis Advisory (PS)
Harriet Shone, LCA (HES)

Meeting notes

Introductions

HES opened the meeting, introducing herself, handing off to the Mace team for the presentation. It was noted that a number of apologies had been sent for this meeting and so the presentation would be shared by email to CWG members for their information and in case they wished to ask any questions.

Mace presentation

HES handed over to **AG** who ran through a presentation (as per the attached). Because **AM** is familiar with the team, **AG** focused on the project update (from page 5).

The presentation covered:

- An update on logistics routes
- Update on current construction activities on site
- Upcoming works over the next six months, including the erection of tower cranes in July
- Summary of planned works to Euston Road and impact on road closures
- Update on social value activities including:
 - St Mungo's volunteering day
 - Works to PACE children's playground
 - Upcoming sessions with UCL Year Ten and a Quiz fundraiser for MIND

The presentation was completed by explaining how people can contact the team, using:

- Phone - 0845 602 5761, quoting 39641, to speak directly with the Mace team
- Email - belgrovehouse@londoncommunications.co.uk

Actions

- LCA to share the presentation with the CWG members who could not attend this meeting.
- Mace and LCA to keep up regular engagement and dialogue with the local community.

END
